Audible Studios on Brilliance, 2016. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. With such compelling and provocative novels as *Red Planet Blues*, *FlashForward*, and *The Trilogy*, Robert J. Sawyer has proven himself to be a writer of boundless confidence and bold scientific extrapolation (*The New York Times*). Now, the Hugo and Nebula Award-winning author explores the thin line between good and evil that every human being is capable of crossing. Experimental psychologist Jim Marchuk has developed a flawless technique for identifying the previously undetected psychopaths lurking everywhere in society. But while being cross-examined about his breakthrough in court, Jim is shocked to discover that he has lost his memories of six months of his life from 20 years previously - a dark time during which he himself committed heinous acts. Jim is reunited with Kayla Huron, his forgotten girlfriend from his lost period and now a quantum physicist who has made a stunning discovery about the nature of human consciousness. As a rising tide of violence and hate sweeps across the globe, the psychologist and the physicist combine forces in a race against time to see if they can do the impossible - change human nature - before the entire world descends into darkness.
